**PRODUCT CATALOGUE**

## ECMO

### Product Highlights

- Patented pump with touchscreen control
- Low hemolysis design
- Portability with comprehensive safety alarms
- Cost-effective and Made-in-India

\*All products shown are currently in the design phase. The product image is for illustrative purposes only.

## 2D ECHO

### Product Highlights

- Large-screen imaging system with vascular access support
- AI-assisted diagnostics
- Interchangeable probes
- Lightweight and portable

\*All products shown are currently in the design phase. The product image is for illustrative purposes only.

# DIALYSIS MACHINE

## Product Highlights

- High ultrafiltration clearance
- Built-in glucometer for glucose monitoring
- Digital safety interface with real-time monitoring
- Designed for both efficiency and affordability

\*All products shown are currently in the design phase. The product image is for illustrative purposes only.

# SYRINGE PUMP

## Product Highlights

- Digital display and one-touch operation
- Multi-level occlusion detection
- Auto-lock and anti-bolus features
- Budget-friendly with high accuracy

\*All products shown are currently in the design phase. The product image is for illustrative purposes only.

# ECG Electrodes

## Product Highlights

- Pre-gelled and hypoallergenic adhesive
- Latex-free, biocompatible materials
- Strong adhesion and low impedance
- Universal lead compatibility

\*All products shown are currently in the design phase. The product image is for illustrative purposes only.

# Patient Monitor

## Product Highlights

- Supports ECG, SPO2, NIBP, EtCO2, IBP, Temp
- ST/arrhythmia detection and analysis
- Modular design and battery backup
- Designed for ICUs, OTs, and HDUs

\*All products shown are currently in the design phase. The product image is for illustrative purposes only.
